PLAYMAKER · PLAYBOOK · PLAY 1 · THE FLOW

HIGH-LOW

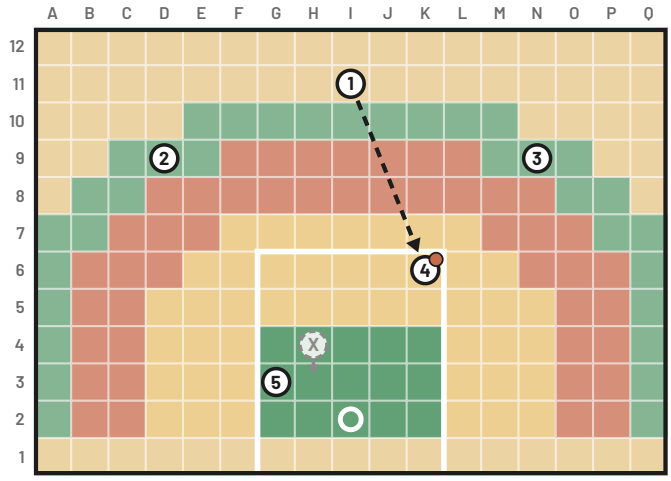

Two bigs trade places: one seals low, one catches high, then they swap. Black: this step. Grey: the steps that follow. Grey dashed X: the defender that matters.

1 SPOTS

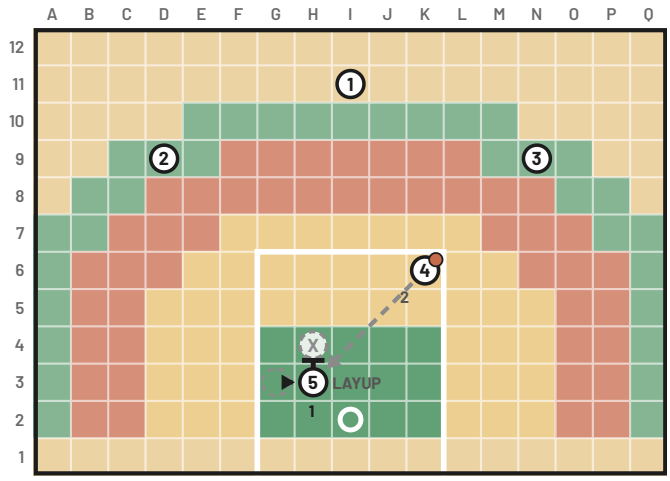

Two bigs, one high and one low on opposite sides. O4 at the right elbow, O5 on the left block. Shooters wide on both wings, O1 up top.

2 ENTRY

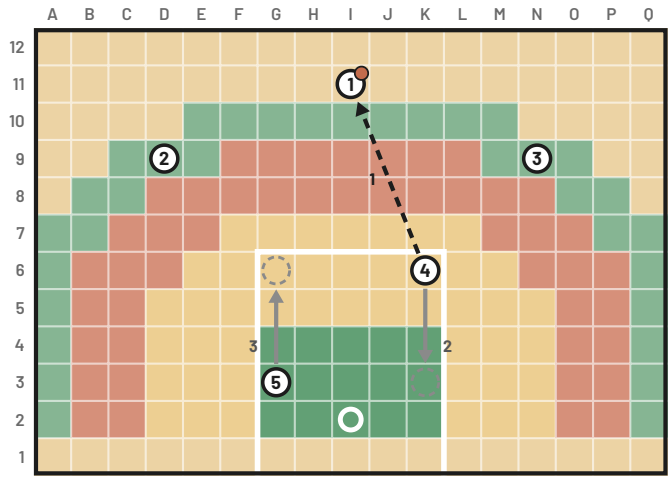

O1 passes to O4 at the high post. 1 token. The turn ends and the defence reacts. Watch where O5's defender settles: in his lane is the cue to seal.

3 SEAL, THEN HIGH-LOW

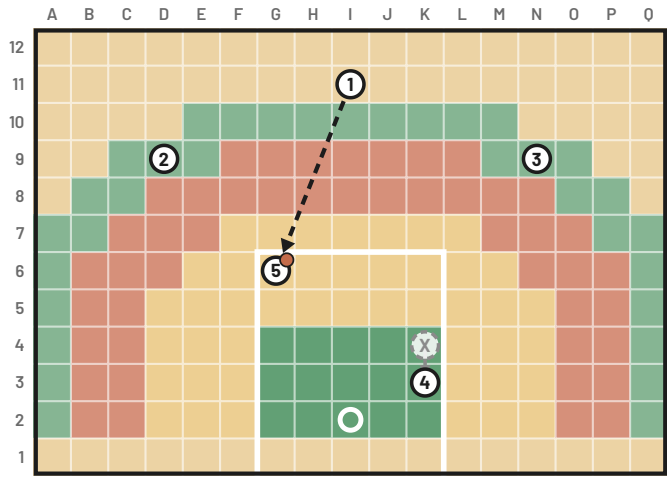

(1) In one turn O5 Moves round his defender to open the lane and Screens with the T on him. The defence can Challenge. (2) If the seal holds, O4 throws the high-low next turn: contest −3.

4 REVERSE AND EXCHANGE

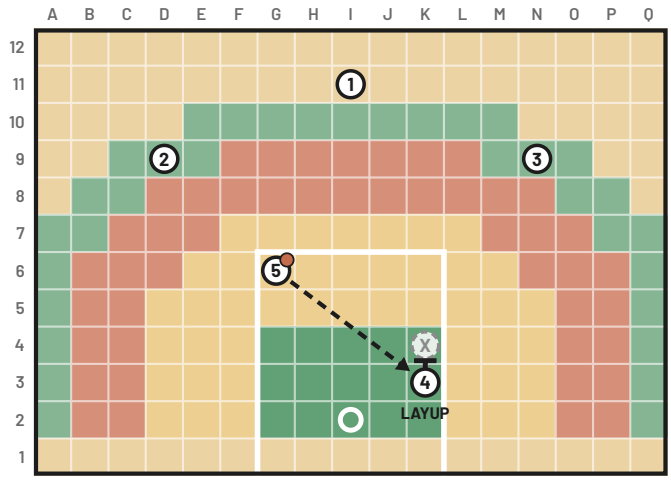

No high-low? (1) O4 passes back out. Then the bigs swap: (2) O4 dives to the right block, (3) O5 flashes to the left elbow. 1 token each.

5 ENTRY AGAIN

O1 hits O5 at the left elbow. The bigs have swapped roles: O5 is the passer now, O4 the post.

6 HIGH-LOW, OTHER SIDE

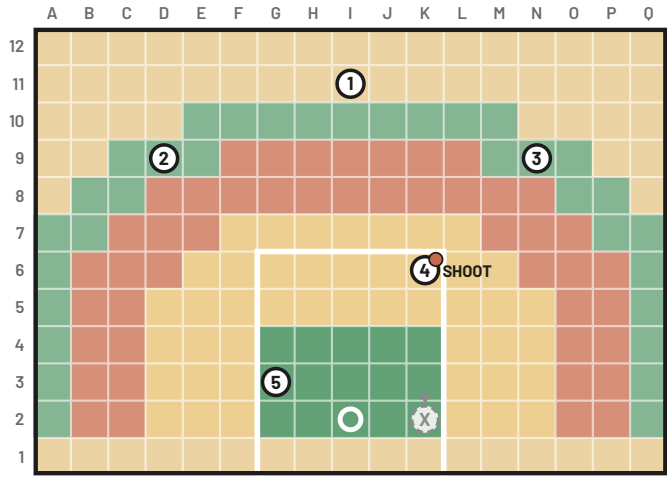

O4 Moves round and seals (Screen); next turn O5 throws down to him. Keep alternating until the shot appears, or the clock reaches 6 and you take the best look on offer.

PLAYMAKER · PLAYBOOK · PLAY 1 · THE READS

HIGH-LOW

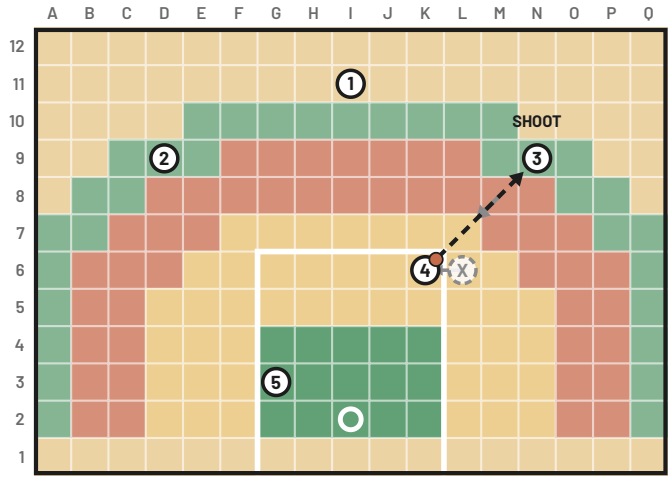

Same set as The Flow, ball at O4 on the elbow, O5 on the block. The defence decides which option opens. White letters: reads. Black numbers: frames in The Flow.

A IF THE ELBOW IS OPEN

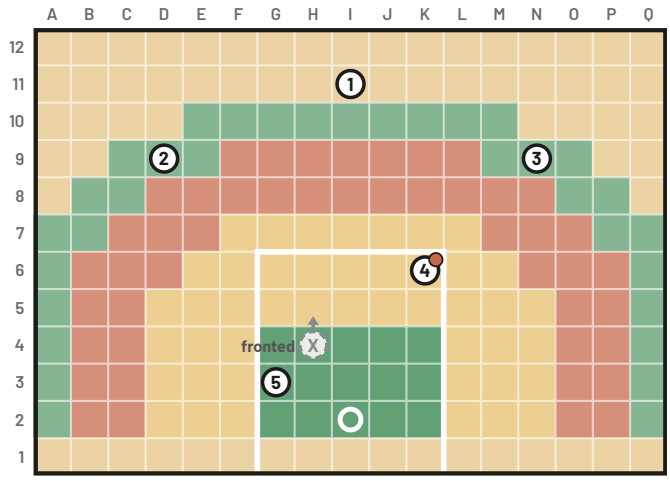

Nobody adjacent to O4, or his defender would arrive from the rim side late. Shoot the elbow jumper.

B IF HELP COMES FROM THE WING

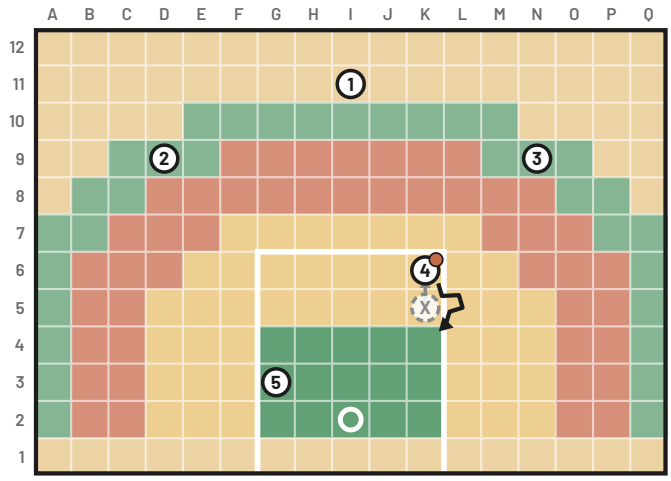

O3's defender drops to help on O4 or the post. Kick to O3 and shoot before the closeout.

C IF THE POST IS FRONTED

O5's defender gets between the ball and O5, on the pass line, so a seal won't help. Run the exchange (frame 4): the flash beats the front.

D IF THE HIGH POST IS CROWDED

O4's defender sits right on him. If O4's Dribble beats their Agility, take him on and drive the side O5 has cleared.

DECISION FLOW

ask in order · the first yes is the play

1	**Ball at the high post. Can O5 get round his defender into a clear lane?**	Move and seal (Screen), then throw the high-low.	3
2	**Is the high post open?**	Shoot it.	A
3	**Did a wing defender help?**	Kick out and shoot.	B
4	**Is the post fronted?**	Reverse and exchange.	C
5	**Is the high post crowded by a slower defender?**	Dribble and drive.	D
6	**None of these?**	Reverse and exchange, then read again from the other side.	4

THE SHOT TEST

Choose with the marks: your ▲ shot against their ▼ contest is a take; ▼ against ▲ is not. Then do the sum on the contest you expect after their reaction: 20 or more is Good, under 15 is Poor, so keep the flow going unless the clock says shoot.

WHO GOES WHERE

Both bigs must be able to play high and low: one pass, one finish. Wings: your two best shooters. Point: your best passer. Entry, seal and high-low cost 4 tokens over three turns; each exchange costs 2 more. Budget for it.
