PLAYMAKER · FIRST GAME GUIDE

DEFENCE REFERENCE

Force them into the lowest value shot you can before the shot clock hits 0.

READING A ROLL

The offence rolls a d20 and needs ≤ their rating minus yours: the higher yours, the smaller their window. Your foul rolls: ≤ your Foul rating. **Locked:** grey lock token in your Locked box. No Move, Sprint or Dribble; Quick Step OK.

YOUR ARROW

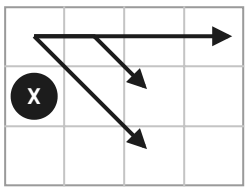

On the ball: Steal, and a clean contest. **Beside the ball:** your zone can be stepped into, not through, unless you're beaten on a Dribble. **Passes:** see Intercept.

STAY WITH THEM

These don't end your turn. Play one, then you can still take a second action.

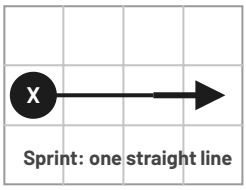

MOVE

One player: up to **3** straight, **1** straight + **1** diagonal, or **2** diagonal, never through another player. You can **turn the arrow** too. Turning uses that defender's Move for the phase.

QUICK STEP

An extra burst set by your card: **2 sq**, **1 sq** or **None**, in a straight line. A Move and Quick Step in **one straight line** make a **Sprint**: 1 token, and your arrow ends facing the way you ran. Quick Step alone **can't turn the arrow.**

ANSWER THEM

Each ends your turn, so it is always your last action.

INTERCEPT — ENDS TURN

Answers a **Pass**, as your first action. Through you: any facing. Jump the lane: one straight move along your arrow onto the line. Next to the passer: Steal instead. No foul roll.

They need ≤ Pass – Intercept. Higher: picked off, –5, they lose 2 s. Miss: Move used.

CHALLENGE SCREEN — ENDS TURN

Answers a **Screen**. Only from its T square.

Screen holds on ≤ Screen – Challenge: you're locked. If you beat it, the screen is removed for everyone.

STEAL — ENDS TURN

1 square away, arrow on the ball carrier. On a declared Shot: a foul is free throws or the open shot; a steal cancels it.

1. Foul ≤ your Foul (Steal), twice if level or behind. 1st: +5 to them. 2nd: free throws, over.

2. Steal They keep it on ≤ Dribble – Steal: you're locked. Else stolen: –5, they lose 2 s.

PAUSE — ENDS TURN

Your one wait, once per phase. It counts as an action. The offence must play at least one action before you act again.

Hesitate is their mirror. Neither can be played straight after the other.

DEFEND THE SHOT

Contest is not an action. It happens after every shot.

CONTEST — AUTOMATIC, NO ACTION

After their Shot: move, turn arrows or Steal. Then **one adjacent defender** contests (you pick who).

Your defender is	Arrow on the shooter	Arrow elsewhere
Closer to the rim (I2)	**Full contest**	Foul roll, then full contest
Level with the shooter	**Full contest**	Two foul rolls, then full contest
Further from the rim (I2, diagonal = 1)	**Contest – 3**	Two foul rolls, then contest – 3

Foul roll: ≤ your Foul (Contest). A foul gives them 2 × FT (3 × on a three) or the open shot if higher. Arrow off: you may choose not to contest. No adjacent defender: contest 0.

THEIR SHOT VALUE = POINTS × (RATING – CONTEST)

Beaten on a screen or dribble? You're behind the play: contest at –3, or send help.
