PLAYMAKER · FIRST GAME GUIDE

OFFENCE REFERENCE

Build the highest value shot you can before the shot clock hits 0.

READING A ROLL

Roll a d20. Succeed on a roll **equal to or under** your rating minus theirs. Pass 15 vs Intercept 7: succeed on 8 or less.

EACH TURN

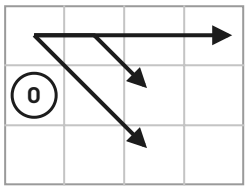

1 or 2 actions; a turn-ender always goes last. Each action once per player per phase. Move + Quick Step in one straight line is a **Sprint**: 1 action. **Locked:** no Move, Sprint or Dribble; Quick Step still allowed.

GET OPEN

These don't end your turn. Play one, then you can still take a second action.

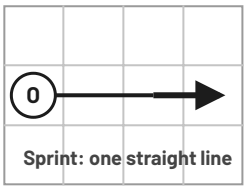

MOVE

One player: up to **3** straight, **1** straight + **1** diagonal, or **2** diagonal. Never through another player. Ball carrier: into, not through, an adjacent defender's **zone** unless he wins a Dribble.

QUICK STEP

An extra burst set by your card: **2 sq**, **1 sq** or **None**, in a straight line. A Move and Quick Step in **one straight line** make a **Sprint**: one token, 1 action.

CREATE

Each ends your turn, so it is always your last action. Outlined boxes show the defence's answer.

PASS — ENDS TURN

To another offensive player; the line can cross occupied squares.

Denied: not through a defender next to the receiver. **Intercept:** a defender the line passes through, or one straight move along his arrow onto it. ≤ Pass – Intercept; higher: –5, lose 2 seconds.

SCREEN — ENDS TURN

Not the ball carrier. First action, or second after his own Move. The **T** marks a square beside you: no defender goes diagonally round you from or through it. Lasts until he moves, it's beaten, or the phase ends.

Challenge: holds on ≤ Screen – Challenge (defender locked). Beaten: removed.

DRIBBLE — ENDS TURN

Take on a defender 1 square away: succeed on ≤ Dribble – Agility. Win: they're **locked** and you may go through their zone; get past with your movement actions. Fail: **you're** locked, but can still Quick Step, pass or shoot.

Steal: their foul roll, twice if level or behind (each +5; 2nd also free throws). Keep it on ≤ Dribble – Steal: they're locked. Else –5.

HESITATE — ENDS TURN

Your one wait, once per phase. It counts as an action. The defence must play at least one action before you act again.

Pause is their mirror. Neither can be played straight after the other.

FINISH

A shot ends your possession.

SHOT — ENDS TURN

WHERE YOU SHOOT FROM

- 2 — Layup, Dunk, Post Move
- 2 — Mid-range, Floater
- 2 — Long-range 2
- 3 — Three-pointer

No shots from plain wood squares (no tile).

SHOT VALUE = POINTS × (RATING – CONTEST)

A Shot is a declaration. The defence reacts first: up to 2 actions, a Contest last. Any foul now: free throws or the open shot if higher. A steal cancels it: –5, lose 2 seconds. Then a defender next to you may Contest:

Level with or closer to the rim (same or inner ring): their full contest.

Further from the rim (an outer ring): their contest – 3. No Contest: 0.

Arrow off you: a foul roll first, twice if they're level or further. Foul: 2 × your FT rating (3 × on a three) or the open shot, whichever is higher, and the possession ends.
